FROM: OHWG/CC

SUBJECT: Monthly CAP Corporate Assigned Mission Number

The mission number for Civil Air Patrol Assigned Corporate Mission Status for the month of February 2005 is: OHWG/CC 050201

This mission number will be used by PICs listed on the Ohio PIC list provided by the Director, Operation Ohio Wing, as authorization to fly corporate/member owned (furnished) aircraft on non-reimbursable missions. Flight Symbols covered under this mission number are C8, C9, C15, C17 and C20. It is the individual PIC's responsibility to ensure; they maintain their currency and qualifications for flights.

A flight release is still required for all flights. The determination of the appropriate mission status for a CAP mission request, Air Force assigned Mission (AFAM) or Corporate, should not be confused with receiving a flight release. These are two separate processes. FROs will annotate the mission number on the CAPF 99.
